

CE Declaration of Conformity

The following have been tested by us with the listed standards and found in compliance with the European Community Low Voltage Directive 73/23/EEC and 93/68/EEC.
Assessment of compliance of the product with the requirements relating to the Low Voltage Directives (LVD) was based on the following standards

EN60335-1:2002, EN60335-2-40:2003

The statement is based on a single evaluation of one sample of the above mentioned products. It does not imply an assessment of the whole production. The manufacture should ensure that all products in series production are in conformity with the product sample detailed in this report. The CE mark above can be used, under the responsibility of the manufacturer. After completion of an EC declaration of conformity and compliance with all relevant EC directives.
